**ABOUT MCW:** MCW was founded as a non-profit organization in 1999 by youth who believe that *relationships make all the difference*. By bringing together people from the public and private sectors to improve the quality of life worldwide, MCW empowers youth to be positive agents of change, so they can improve their lives and contribute to their global and local communities. MCW programs focus on youth leadership, community development, and healthcare. For more information, please visit [www.miraclecorners.org](http://www.miraclecorners.org).

**ABOUT OUR YOUTH LEADERSHIP RETREATS:** Over the last seven years, MCW has convened youth worldwide in its annual youth leadership retreat program, focusing on social entrepreneurship, cultural competency and conflict resolution. Through a series of interactive workshops, young community leaders develop the confidence, tools and networks to create their own "Local Change through Global Exchange.™" Participants graduate this program with an action plan to achieve their personal goals. To date, MCW has held eight leadership retreats, involving more than 200 youth from the Middle East, Africa and the USA. Each year, private and public sector partners lend their generous support to the retreat. We are honored to host our 9<sup>th</sup> retreat at New York University in New York City and at Champlain College in Vermont this year and look forward to continuing to work together in the future.
